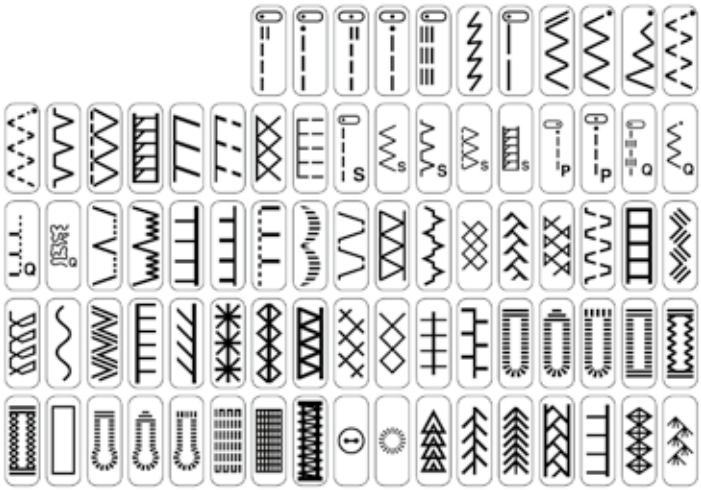
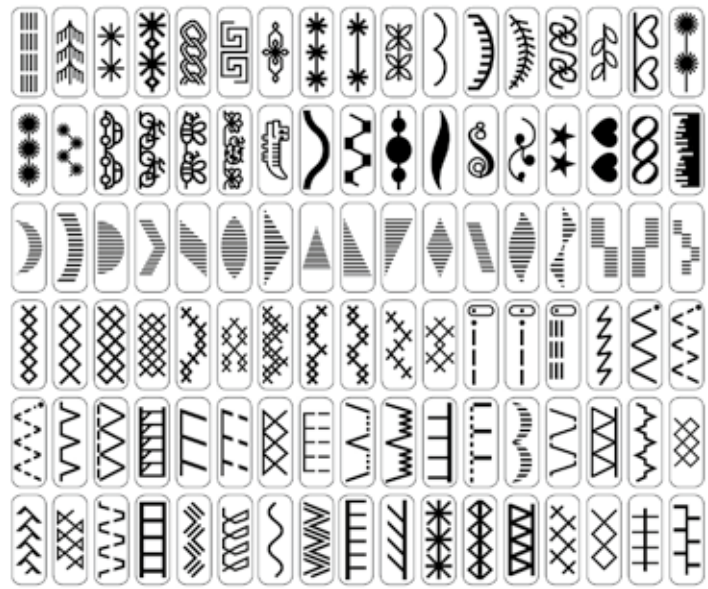
Features in detail

Features	Benefits
Advanced needle threading system	No more stress when threading. Follow the thread guide, and use the needle threader lever with one finger.
Convenient controls	For ease of use, all operating buttons are on one convenient panel - thread cutter, needle position up/down, Start/Stop function.
Colour LCD touch screen	Manage all the functions with a simple touch of the easy-to-read 3.7" colour LCD high resolution display (432 x 240 pixels). Includes icons and 15 languages.
Built-in font styles	10 built-in font styles make it easy for you to personalise all your sewing and embroidery projects.
Super Bright LED Light	A bright, but gentle on the eye light, makes it easier to work on dark fabrics.
Bobbin winding system	Quick and easy way to wind lower thread! Just load the bobbin on the winder and the thread guide will show you which way to go.
100 x 100 mm embroidery area	Just set the embroidery unit and frame, select the pattern and you are ready to embroider. Additional frames are also available separately.
USB Port to import designs	Just insert a USB flash drive and load your embroidery design directly to the machine.
Combine embroidery patterns	Several designs can be embroidered together by combining patterns and pressing the "Add" button on the screen.
Quick-set bobbin	Just drop in a full bobbin and you are ready to go. The Innov-is M280D has a lower bobbin sensor which will warn you when the bobbin is running low. Also it is equipped with an upper thread sensor.
125 embroidery patterns included	Choose from a variety of sophisticated patterns including 45 unique embroidery designs featuring your favourite Disney characters.
Built-in embroidery frame patterns	14 stitch types can be combined with 10 different frame shapes, such as a circle or a square.
Editing on the screen	Powerful editing features include the layout, pattern rotation in 1°, 10° and 90°, mirror imaging and scaling between 90 - 120%.
Automatic thread cutter	Cuts upper and lower thread automatically with the touch of a button.
181 sewing stitches	Choose from 181 stitches built into the machine, giving you unlimited creativity. Also includes 10 one step buttonhole styles.
4 lettering styles (sewing)	Add different lettering styles for labels and monograming projects.
My Custom Stitch	Design your own stitch patterns or edit and change the built-in template designs and save for future use.
Drop feed lever	Easy-to-switch lever to drop feed dogs for free motion embroidery and quilting.
Slide speed	Adjusts speed from slow to fast. This can also be set to alter stitch width whilst sewing for zig-zag stitches.
Needle stop position	Select whether the needle should be up or down when the machine stops. Useful for turning fabric, sewing corners or joining quilt pieces.
Hard case	Carefully protects the machine when not in use.
Automatic reverse/ reinforcement stitch	The machine automatically sews reverse/reinforcement stitches at the beginning and end of sewing.
Mirror imaging	For more stitch variety use this function to create a mirror image of your stitch pattern.
Repeated single sewing	Choose whether the stitch pattern will be sewn once or repeatedly.
Combining stitches	Create your own stitch patterns by combining different stitches.
7 Point Feed	Provides a smooth feeding action and superior stitch quality on any weight of fabric.
Snap-on presser feet	Quickly and easily change presser feet.

Sophistication with every stitch

Choose from 181 utility, decorative and satin stitches. Plus, select from 10 one-step buttonhole styles to make sewing exciting and fun.





Everything to create a magical embroidery project, and more!
